WORD BANK:

- Do not use any electrical **cords** that feel warm to the touch or are **damaged** in any way.
- Remind parents or adults in your home to test **smoke alarms** every month. Alarms should be installed in every **bedroom**, outside each sleeping area and on every level of your home.
- Do not overload electrical **outlets**. Overloading creates a potential fire **hazard**.
- Keep all **liquids** away from **electronics**, including TVs, computers and gaming consoles.
- Do not run **electrical** cords under rugs or carpet. This creates a **fire risk**.
