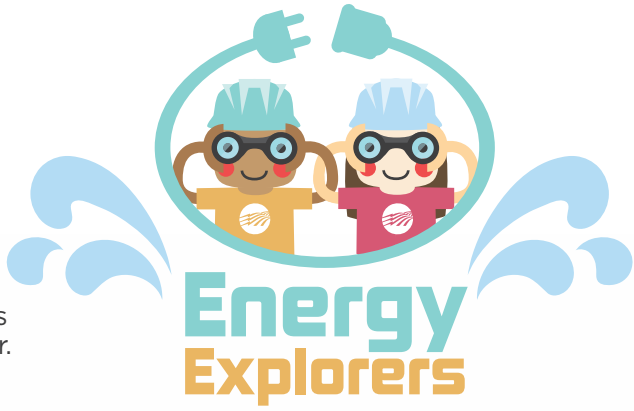
WATER SAFETY WORD SCRAMBLE



Outdoor water activities and electricity never mix because water is a powerful conductor of electricity. When electrical devices or cords come into contact with water—like at a pool, lake or beach—it can cause serious electric shocks. Keep all electrical items far away from water and always follow safety rules when you're outside near water.

Read the sentences below, then unscramble the bolded letters to complete the safety tips.

1. Never touch electrical **csevied**, switches or plugs when your hands are wet.

2. Always place **lacertceil** items like radios, speakers or lights at least 10 feet away from the water's edge.
